Dear Sir/Madam,

FAO: Councillor Caroline Smith-Wright, Mrs Victoria Collins (MP) and Mr Andrew Farrow (Parish Clerk)

I am writing to ask you all to
politely consider carefully putting railings
outside our school because without them
it is very dangerous, so little kids can't
run out as the gate and they won't get
hurt by a car. This would make everyone
safe because we have little
kids who are only 3 years old and it
will make us happy and safe.

Dear Sir/Madam,

FAO: Councillor Caroline Smith-Wright, Mrs Victoria Collins (MP) and Mr Andrew Farrow (Parish Clerk)

We are concerned that after school a child could run out the school gates and get hit by a car and cause an accident so we ask for your support to install gates and railings on the footpath.

This would make us feel safer especially as we have children as young as 3 that attend our school.

Surely you agree that we should keep every child who attends this school safe?

I hope you understand our concerns.

Dear Sir/Madam,

FAO: Councillor Caroline Smith-Wright, Mrs Victoria Collins (MP) and Mr Andrew Farrow (Parish Clerk)

We would like to ask you to consider very carefully a serious safety issue we have outside of our school. We would like some railings installed outside our school gates before accidents happen. Almost all schools have them and we feel that we need them to keep everyone safe. If you have any questions please contact the school. Surely you agree we should keep every student at our school safe.

Many thanks for reading my letter

Best wishes, Ophelia Philpot.
